

I am writing this to express my grave concern for Adrián Vasquez Lagunes who has been detained and tortured and accused of serious crimes since September 2012. All the evidence against him was obtained under torture and on other violations of due process.

Therefore I need to call on the Federal Attorney General's Office to drop charges against Adrián Vasquez Lagunes given that the evidence gathered against him was obtained under torture and other human rights violations.

You would be urged to immediately release Adrián Vasquez due to a lack of evidence for the charges against him.

I would also call on the Baja California state Attorney General to carry out a full, prompt and impartial investigation into the torture suffered by Adrián Vasquez and ensure that all those responsible are brought to justice, including accomplices and other officials who failed to document and report it.

Your attention on this matter would be highly appreciated.

Sincerely yours,
